TENA ProSkin™ Pads

ConfioAir® Fully Breathable Technology helps maintain skin's natural moisture balance

TENA ProSkin™ Pads with ConfioAir® Fully Breathable Technology offer a broad range of protection for small urine leaks up to large leaks especially designed for women. The fast absorbing core quickly locks in urine leaks deep inside the pad, away from the skin for a dry, fresh and comfortable feeling when experiencing those unpredictable urine leaks when exercising, laughing or just going about your everyday life so you can feel dry and confident with the security you need and the discretion you want, both day and night.

3 steps to help maintain skin health

Over the years, we've learned that the three most important principles of helping to maintain skin health for those living with incontinence are: Keep it dry, Keep it clean, and Keep it protected. That's why TENA® is introducing the TENA ProSkin™ range of absorbent and skincare products, which is offered in a **3-step skin health solution** that helps maintain skin health.

ConfioAir® Fully Breathable Technology helps maintain skin's natural moisture balance

ConfioAir® 100% breathable respirant transpirable

Dry-Fast Dual Core™ locks away liquid for effective leakage protection and skin dryness

TENA ProSkin™ Triple Protection for dryness, softness and leakage security

Cushiony side gathers provide a fit that conforms to your body

1: Keep it dry

TENA ProSkin™ absorbent products – With ConfioAir®, provide fast absorption to help reduce moisture on the skin, while remaining breathable.

2: Keep it clean

TENA ProSkin™ Wipes – Adult-sized, pre-moistened wipes with no rinsing required. Choose between **Classic** (gentle cleansing), **Ultra** (gentle cleansing and conditioning), and **TENA UltraFlush®** (gentle cleansing).

3: Keep it protected

TENA ProSkin™ Protective Cream – Protects skin from irritation caused by contact with urine and/or stool; helps prevent and relieve chafed, chapped, or cracked skin.

TENA ProSkin™ Barrier Cream – Helps treat and prevent skin rashes due to incontinence; soothes chafed skin and helps seal out wetness.

Better Care For Everyone
