

Introducing HeatWave™ Technology

Maintain and enhance your body's wellness and comfort with NEW HeatWave™ Technology by Golden. HeatWave Technology utilizes Far Infrared heat, which penetrates up to three inches into the skin and muscles providing a soothing heat therapy experience.

What is Far Infrared Heat Therapy?

Like a ray of sunshine, this innovative technology produces invisible Far Infrared light waves that deliver healing warmth up to three inches deep into body tissue where it is most effective, helping to reduce inflammation, relieve joint pain, alleviate muscle tension, improve circulation, and speed cellular recovery. The gentle heat produced in Far Infrared heat therapy can also support the treatment of injuries and positively affect blood circulation. It's like absorbing the very best of the sun without harmful Ultraviolet light waves.

Benefits of HeatWave™ Technology

Feel the deep penetrating Far Infrared heat to transport your mind and body into a blissful state, restoring your body from the inside out. Using HeatWave Technology helps us feel more relaxed, get better sleep, and react to stress in a calmer way throughout our day.

HeatWave Technology May Help With:

- Providing Pain Relief
- Enhancing Relaxation
- Improving Circulation, Alleviating Edema
- Lessening Insomnia
- Reducing Anxiety
- Stimulating Cellular Recovery
- Promoting Overall Mind & Body Wellness
